

**EXHIBITIONS PLANNED FOR 2009 AND
ONWARDS**

United Kingdom & Eire

List compiled by the Education Department

EDUCATION AND
CONSERVATION

Updated: 06/2009 This list supersedes earlier ones

Introduction

Please note that it has become increasingly difficult to extract information from museums and galleries regarding future exhibitions. Many galleries and museums are reliant on sponsorship which is often not confirmed until quite late in the day. Due to this and a variety of other circumstances, they are understandably unwilling to make even provisional announcements of exhibitions beyond next year (in some cases beyond 2009).

Those exhibitions that are to be confirmed are marked as such, so please do check with the venue before you arrange a visit.

Some museums and galleries were unable to provide us with details before going to press, therefore they appear with just the name of the museum or gallery, a phone number and email/internet address(es).

If there is a museum or gallery in your area that you think would be of interest to other societies please let us have the details for consideration.

We constantly update this document and you may request it from NADFAS House at any time during the year. It is also available to download (free) from our website www.nadfas.org.uk
